CAROLINE CARFRAE: I haven't got a mic!

CAROLINE CARFRAE: No problem - I was checking that it worked on my PC ok!

CAROLINE CARFRAE: Excellent - good luck!

CAROLINE CARFRAE: :)

CAROLINE CARFRAE: No problem

CAROLINE CARFRAE: of course

CAROLINE CARFRAE: :)

Richard Block: are we muted?

Susanna Verdon: Morning all, I can hear fine.

Luke Austin: Good morning all!

Luke Austin: Just waiting for a laptop to show up!

CAROLINE CARFRAE: Morning everyone - sounds great!

CAROLINE CARFRAE: I'm in an office of two - so we're fine :)

CAROLINE CARFRAE: And my colleague is a SITS trainer too!

CAROLINE CARFRAE: Jill Graham? She's on Session 2 and 3

Elizabeth: thanks

CAROLINE CARFRAE: Excellent

CAROLINE CARFRAE: thank you!

CAROLINE CARFRAE: It's a great idea - many of us can't attend sessions far away from work due - so this is an excellent way of including everyone

RICHARD CLARK: Hi Russell, hope you can hear us ok :)

Russell Pryce: Hi Richard - yes I can hear ok. We don't have a microphone at the moment but we are working on it

Susanna Verdon: Yep, all good thanks.

CAROLINE CARFRAE: Not sure where the text button is?

CAROLINE CARFRAE: Got it!

Elizabeth: yes

Russell Pryce: yes

Susanna Verdon: Yes

Luke Austin: Anytime!

Richard Block: I'm waiting for Luke to pronounce where he works!

Rob Sandel: Good morning! Sorry I'm late, things came up...

Richard Block: £45k outlay eek

Richard Block: very good product though

CAROLINE CARFRAE: We'd love this - but way out of our (very small) budget

Richard Block: Do your best text speak Luke

Luke Austin: yes

Richard Block: oh hello

Luke Austin: Right guessing that the mic isn't picking up so will do my best to type out

Luke Austin: The move to edge tribals next step in SITS is coming on line very soon from the information that I was given at the rug

Luke Austin: they are looking to move more and more parts of the system on to mobile devices

Luke Austin: giving the student access to e:Vision via a ported app front end

Luke Austin: in a nut shell yes

Rob Sandel: We had a presentation of Edge at Bath Spa. It looks like a happy coming together of SITS, E:Vision and SID...

Luke Austin: that's correct :)

Luke Austin: yes spot on!

Rob Sandel: They are planning to start with the student app. That looked very good, but was only shown through sPPT slides!

Luke Austin: I also took the chance to give a short presentation at the rug to re-prompt the network as there were some new customers of tribals at the event and a few that I don't believe have entered in to the network

Luke Austin: fingers crossed

RICHARD CLARK: That was from Surrey :)

RICHARD CLARK: Welcome Megan :)

Meagan: Hello!

Luke Austin: welcome!

RICHARD CLARK: Megan: We've been giving an update of STN and our activities so far

Meagan: Thanks for that! sorry for being late

Luke Austin: yeah sorry about that might have been me!

Richard Block: Thanks Richard, good start

CAROLINE CARFRAE: Thank you!

Rob Sandel: Thanks for that!

Luke Austin: See you all shortly! :)
