WELCOME

Welcome to the SITS Trainers Network.

The SITS Trainers Network started on 29/02/2012 as a forum for anyone involved in training-related activities with regards to the SITS:Vision system (provided by Tribal Group Plc).

Members of the SITS Trainers Network meet twice yearly at events hosted by member Institutions and at the SITS User Conference. These events provide an opportunity to meet other like-minded users of the SITS:Vision system to discuss a variety of commonly shared training initiatives and issues.

The SITS Trainers Network has always favoured a collaborate approach to the work of the training community so that members can work together and offer guidance, pass on lessons learned, highlight methods of good practise and offer assistance across Institutions.

The network continues to collaboratively work on new initiatives facilitated by the training community, for the training community.
